sales@woodplankitchens.co.uk

Carcass:

Our carcass features the robust TITAN carcass, assembled via a screwless tongue and groove system that has been tested and certified to FIRA Gold level H for heavy use. This joint connection is stronger than a traditional assembly system as it interlocks along its entire length. Constructed in 18mm MFC. Available in 5 colours: White (CW), Light grey (CG), Dust Grey (CD), Anthracite (CA) or Urban Oak (CO).

Doors:

Collection 1: 18mm MFC with MFC edging. FSC certified.
Collection 2: 19mm MDF "handleless profile".
Collection 3: 18mm MDF vinyl wrapped (PVC and PET)

Components:

All legs fully adjustable
 All hinges are metal, fully adjustable self-closing type.
